

24th Aug'2021

Notification – Submit Covid-19 Vaccine Certificate

Dear Students,

The COVID-19 pandemic is still threatening the world. A vaccine is a great hope to find a solution to control the virus infection. Developing immunity through vaccination means there is a reduced risk of developing the illness and its consequences. This immunity helps you fight the virus if exposed.

To begin in person classes for the current semester we instruct all the students to submit vaccination certificate (at least 1st dose) on or before 14th September 2021. Certificate to be mailed only to immune.check@iilschennai.com

As per the Government guidelines, in person classes are scheduled to commence from 20th September 2021.

Students who have submitted the vaccination certificate will only be permitted for classes.
